Re: Release of Reclamation Obligation, W. K. Enterprises, Small Fry Mine, M/037/022, San Juan County, Utah

Dear Ms. Shumway:

This letter is to inform you that the Division of Oil, Gas and Mining hereby releases W. K. Enterprises from further reclamation obligation at the Small Fry Mine. This mine is located in Section 34, Township 29 South, Range 24 East, SLBM, San Juan County, Utah. The permit transfer from W. K. Enterprises to Molycorp, Inc. has been finalized and the form and amount of replacement reclamation surety (\$3,800), posted by Molycorp, Inc., was approved by the Board of Oil, Gas and Mining March 23, 1994. Molycorp, Inc. has assumed the remaining reclamation obligations/responsibilities associated with the approved Small Fry mine permit.

Enclosed please find your original certificate of deposit from First Western National Bank (CD#) in the amount of \$3,380; also signed copies of the transfer form are enclosed.

Thank you for your patience during the permit transfer process. For your information, Holland Shepherd has recently left the Division, accepting a job in New Mexico. If you have any questions regarding this transfer, please call me at (801) 538-5340.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
